

GUIDELINES FOR HIGH SCHOOL MUSIC CREDIT

The following is a list of guidelines to be followed should a student wish to receive high school credit from Midwest Christian Academy for music:

1. The student must be actively taking music lessons.
2. The student must practice for 2 ½ hours per week. This can be divided however the student desires. Should the student fall behind in the practice times, he may "make up" the time the following week.
3. The parent or the music teacher must sign the verification form stating that the student has completed the practice time as required.
4. The student must perform a solo with his instrument at least once per quarter (9 weeks) at either a recital or in church. This performance must be verified by the music teacher or pastor.
5. In order for the student to receive credit, Midwest Christian Academy must receive the following:
 - A. A music practice form signed by the parent or music teacher,
 - B. A signed verification from the pastor or music teacher regarding the recital/performance.

Please make photocopies of the back of this form as needed.

The high school student will be allowed to earn ¼ music credit per quarter (9 weeks). A student may claim music for only one of his required high school electives. After the first music credit, the remaining music credits will be added to the transcript, but they will not be substituted for other required electives.

Should the student be learning more than one instrument, he may earn up to two music credits (one per instrument) for his required high school electives.
